"Now, more than ever, it's important to elevate the everyday," says Kira Faiman, founder of Von Gern Home, a company focused on tabletop and accessories design. "When you're at home, there's no reason every meal can't be a chance to show your style."

"When you sit down to share a story, a drink, a meal -- or to grab a quick bite of takeout, it's an opportunity to connect, be present and simply enjoy," says Faiman. "The table is where our lives meet. It's an outlet for our creativity and personality to shine, and a place to enjoy beautiful design."

A multi-beaded place mat is inspired by vibrant color combinations and intricate jewelry patterns crafted by the Maasai tribe of Africa. The 15-inch place mat, available from Von Gern Home, is a stunning mate for a plate from Hermes' Ballets Russes collection.
